SKILLS

Data & Analytics: Basics of Data Analysis & Interpretation, Data Cleaning (Beginner level), Introductory Statistics & Logical Reasoning, Basic Data Visualization

AI / ML Foundations: Machine Learning Fundamentals, Simple AI-based Logic Systems, Prompt Engineering (Beginner), Familiarity with AI Tools

Project Management: Task Planning, Team Collaboration, Agile Basics

Professional Skills: Problem-Solving, Analytical Thinking, Willingness to Learn, Communication Basics, Time Management

Programming: Python, C, Java, SQL

Language: English, Hindi, Malayalam, Japanese, French, German(beginner).

EDUCATION

St. Joseph's College of Engineering and Technology (SJCET), Palai

2024-2028

BTECH CSE

PROFILE

Computer Science undergraduate with a growing focus on **Data Analytics, Data Science, and AI/ML**. Possesses a beginner-to-intermediate foundation in Python, data handling, and analytical problem-solving, with hands-on exposure through academic learning, projects, and structured online courses. Interested in building data-driven insights and intelligent systems while continuously strengthening core technical skills.

PROJECTS

- **Web Portfolio Site** – Personalized homepage built in HTML and CSS to showcase projects and design sensibilities.
- **Logic-Based Games & Programs**
Developed small programs emphasizing condition handling, data flow, and user input analysis.
- **AI-Enhanced Number Guessing Game** – Web-based game with AI-powered feedback, built using HTML, CSS, and JavaScript.
- **Stone-Paper-Scissor Game** – Web-based game in JavaScript featuring user input handling and UI animations for a playful experience.
- **C CLI Password Manager** – Secure command-line tool built in C for storing and managing passwords with CRUD functionalities.

CERTIFIACATES AND ACHIEVMENTS

- Google Data Analytics – Coursera (*Ongoing*)
- IBM Data Science – Coursera (*Ongoing*)
- Foundations of Project Management – Google (*July 2025*)
- Career Edge – Young Professionals – TCS iON (*July 2025*)
- Level 7 – µLearn
- Responsive Web Design Certification – freeCodeCamp (Issued February 2025)
- Frontend Development Libraries Certification – freeCodeCamp (Issued March 2025)
- Foundations of Project Management – Google (Issued July 2025)

CAREER INTERESTS

- Data Analyst
- Data Scientist
- AI / Machine Learning Engineer
- Research & Analytics Roles
